

TOWN OF FIRESTONE MAYOR'S REPORT

April 2018

As the new Mayor of Firestone, I look forward to communicating with people through a variety of channels, including this monthly Mayor's Report. Effective communication ensures the Town Trustees, staff and I provide timely information about the things that matter to residents, businesses and visitors, and that we receive feedback and ideas to consider as we make decisions about our Town and its future.

I'd like to begin my first Mayor's Report with many thanks to former Mayor Paul Sorensen and former Trustee John Damsma for their service to the Town of Firestone. Both are outstanding members of the community who have given their time, talents and energy to make our Town the best it can be. I know they will continue contributing individually and via local and area business and community organizations.

I also want to congratulate Trustee Samantha Meiring for her re-election to the Board, and to welcome new Trustees Don Conyac and Frank A. Jimenez. Each brings new ideas, enthusiasm and energy that will help the Board continue moving our community forward in a positive direction.

I want to thank the voters for taking time to cast ballots for candidates to represent them on the Board of Trustees and for deciding on the ballot question regarding broadband services and our municipality.

Lastly, I want to thank my family and friends for their ongoing support during my service to the Town, starting in 2004 on the Planning Commission, followed in 2010 as a member of the Board of Trustees, as Mayor Pro-tem in 2017, and in my new role as Mayor. It is a privilege and a pleasure to represent the Town of Firestone, and it is a special honor to be the first woman in Firestone history to serve in this role.

In the months ahead, I will be sharing more news and updates through this Report. I also plan to meet and talk with citizens at Board of Trustees meetings, and at upcoming Town and community events. Additionally, I can always be reached via email at bsindelar@firestoneco.gov.
