

Carbon Valley Consumer Reporter: Area Mayors' Report – For Those of Us Who Don't Attend Meetings

What a busy and wonderful summer it has been for the Town of Firestone. I would like to thank everyone that has come out to enjoy our community events including the 4th of July Celebration, Movies in the Park, Chat with your Elected Official events and others. I would also like to give a big thank you to all of our amazing sponsors, volunteers and Town employees that make these special events possible.

- I want to congratulate two Firestone Trustees who recently reached milestone levels in the Colorado Municipal League's MUNiverity program – a leadership program for Colorado's municipal elected officials. Congratulations to both Trustee Samantha Meiring and Trustee George Heath for their milestones reached in the program. Trustee Meiring reached the Leadership Level of the program, completing 60 credit hours, and Trustee Heath reached the Graduate Level of the program, completing 100 credit hours.
- The Town of Firestone is beginning the processes of preparing a Parks, Open Space, and Trails Master Plan for the Town of Firestone. This plan will be used in conjunction with the Master Plan (Comprehensive Plan), and the Town's goals to guide the development of future parks and recreational amenities and the enhancement of existing resources that will best meet the needs of this community. The Board of Trustees, discussed at length the importance of receiving feedback and input from Firestone residents for this plan. Stay tuned for opportunities to provide feedback, ideas and direction.
