

October usually brings us cooler temperatures, leaves changing colors and our first snow, but in true 2020 fashion, September already brought us our first snow! I hope that everyone is enjoying the start of the fall season here in Firestone. Here are a few updates to share with the community:

2021 Budget

The Board of Trustees has begun reviewing the proposed 2021 budget with the Town Manager and Department Directors. Much like every other industry, COVID-19 has impacted the Town's budget, but I feel confident in what has been proposed. The Board will continue to review the proposal over the next few months and take action on it later this year.

Central Park Improvement Plan

At a recent Board of Trustees meeting, the Board discussed the importance of developing a master plan for Central Park and has started looking at next steps; including financing options, a public engagement process and developing a timeline. I'm excited for this to begin and look forward to working with the community on this!

Fall & Winter Events

Much like this summer, our Special Events team is working to modify our fall and winter events. During October, we will be highlighting artists from the Carbon Valley area online for the Art & Music Festival. National Night Out is scheduled for Tuesday, October 6th, Halloween Safe Night is scheduled for Friday, October 30th and the Carbon Valley Holiday Festival is scheduled for Saturday, December 5th. Visit www.firestoneco.gov/events for all the upcoming event details!

Thank you for your continued support. It is an honor to be your Mayor.
