

Thank you for supporting the Town of Firestone's businesses! Most, but not all businesses have been able to re-open, and they still need your support. Many businesses have been able to return to their previous hours of operation, but things are anything but "business as usual." New guidelines and/or requirements for how businesses operate, and how many customers they can serve, have made doing business a little more difficult. Please be patient and support the businesses as they work to comply with COVID-19 guidance during this "Safer At Home" recovery phase.

Firestone businesses are resilient and they need your help. The list of local restaurants and businesses below has been updated to reflect

current business status. Most are open and are making accommodations to serve the community. We encourage the community to continue the support of our local businesses by scheduling an appointment, dining out, going to the store, and/or taking advantage of gift card purchases, online ordering, delivery services, drive-thru, curbside pick-ups and carryout options.

PLEASE NOTE, in compliance with "Safer At Home" guidance, business may request or require customers comply with certain accommodations, particularly personal service and health-oriented service businesses. These accommodations may include, but are not limited to: customers may be asked or required to wear a face mask, have their temperature taken, schedule appointments in advance, and/or call upon arrival and wait before entering the facility. Businesses may also have to limit the number of customers in the business facility and take additional time for sanitizing between customers. In addition to in-store services, retailers and restaurants continue to offer accommodations to best serve their customers, including but not limited to: call ahead and online ordering, curbside pick-up, delivery, special hours for vulnerable customers, drop-off or in-vehicle automotive services. We encourage you to visit the business Facebook page, website, or ask about service accommodations when contacting the business to schedule services or place an order.

If you are a business owner, please email pmehle@firestoneco.gov with any updates to the services you are providing.
