

# Sexually Violent Predator Community Notification

The Firestone Police Department is issuing this notice of community notification regarding a recently registered Sexually Violent Predator. The Police Department is providing this notification pursuant to Colorado Revised Statutes 16-13-901 through 16-13-905.

**Rodney David Jobe** was convicted of unlawful sexual contact- no consent that requires him to register as a sex offender with local law enforcement. Further, it has been determined that he presents a high potential for re-offending and therefore subject to a community notification regarding his residence in the community.

General information about sex offenders, victimization, and the sex offender registration program can be found [here](#).

The Police Department has no legal authority to direct where a sex offender may live. Unless court restrictions exist, they are constitutionally free to live wherever they choose. Sex offenders have always lived in our communities, but they were not required to notify law enforcement of their residence until registration laws were implemented pursuant to the Jacob Wetterling Act in 1994. Law enforcement may now share that information with members of their communities, and in the case of Sexually Violent Predators, law enforcement must actively notify community members.

Vigilantism, or the use of this information to harass, threaten, or intimidate the subject of this notification is criminal behavior and will not be tolerated.
